

INFORMATION CIRCULAR

FOR THE ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS TO BE HELD THURSDAY, DECEMBER 28, 2023 AT 9:00 A.M. (PACIFIC TIME)

This Information Circular is furnished in connection with the solicitation of proxies by the management of **Trifecta Gold Ltd.** (the "Company") for use at the Annual General and Special Meeting (the "Meeting") of the shareholders of the Company, to be held on Thursday, December 28, 2023 for the purposes set forth in the accompanying Notice of Annual General and Special Meeting (the "Notice of Meeting") and at any adjournment thereof. The information contained in this Information Circular is given as at November 17, 2023 unless otherwise stated.

GENERAL PROXY INFORMATION

Solicitation of Proxies

This Information Circular is furnished in connection with the solicitation of proxies by the management of the Company for use at the Meeting, and any adjournment thereof, at the time and place and for the purposes set forth in the Notice of Meeting. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally, by telephone, facsimile or other electronic means, by directors, officers, employees and agents of the Company at nominal cost. The Company will bear all costs of this solicitation of proxies.

Notice and Access

The Company has elected to use the notice-and-access model provided under amendments to National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("Notice and Access") for the Meeting in respect of mailings to its registered shareholders and beneficial shareholders. Notice and Access is a cost savings initiative developed by the Canadian Securities Administrators that allows issuers to send shareholders a notice with information on how they can access an issuer's information circular electronically instead of receiving a printed copy, and how to receive a printed copy on request, resulting in the reduction of printing, distribution and mailing costs.

Registered and non-registered (beneficial) shareholders will be sent a notice package (the "Notice Package") which will include: (1) a Notice of Meeting outlining the matters to be voted upon and how to obtain a copy of the Information Circular; (2) a Form of Proxy or Voting Instruction Form ("VIF"); and (3) a National Instrument 51-102 Return Card to Opt-in to receiving the Company's interim and/or annual financial reports.

The Company has posted the Information Circular, the Company's financial statements for the year ended December 31, 2022 and the Company's management discussion and analysis for the year ended December 31, 2022 online at www.sedarplus.ca under the Company's profile and at the following internet address: www.trifectagold.com.

Appointment and Revocation of Proxies

The purpose of a proxy is to designate persons who will vote the proxy on a Shareholder's behalf in accordance with the instructions given by the Shareholder in the proxy. The persons named in the enclosed proxy (the "Management Designees") have been selected by the directors of the Company.

A Shareholder has the right to designate a person (who need not be a Shareholder), other than the Management Designees to represent the Shareholder at the Meeting. Such right may be exercised by inserting in the space provided for that purpose on the proxy the name of the person to be designated, and by deleting from the proxy the names of the Management Designees, or by completing another proper form of proxy and delivering the same to the transfer agent of the Company. Such Shareholder should notify the nominee of the appointment, obtain the nominee's consent to act as proxyholder and attend the Meeting, and provide instructions on how the Shareholder's shares are to be voted. The nominee should bring personal identification with them to the Meeting.

To be valid, the proxy must be dated and executed by the Shareholder or an attorney authorized in writing, with proof of such authorization attached (where an attorney executed the proxy). The proxy must then be delivered to the Company's registrar and transfer agent, Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, or by fax within North America to 1-866-249-7775, and outside North America to (416) 263-9524, at least 48 hours, excluding Saturdays, Sundays and holidays, before the time of the Meeting or any adjournment thereof. Proxies received after that time may be accepted by the Chairman of the Meeting in the Chairman's discretion, but the Chairman is under no obligation to accept late proxies.

Any registered Shareholder who has returned a proxy may revoke it at any time before it has been exercised. A proxy may be revoked by a registered Shareholder personally attending at the Meeting and voting their shares. A Shareholder may also revoke their proxy in respect of any matter upon which a vote has not already been cast by depositing an instrument in writing, including a proxy bearing a later date executed by the registered Shareholder or by their authorized attorney in writing, or, if the Shareholder is a corporation, under its corporate seal by an officer or attorney thereof duly authorized, either at the office of the Company's registrar and transfer agent at the foregoing address or the head office of the Company, at c/o **Trifecta Gold Ltd., Suite 510 - 1100 Melville Street, Vancouver, British Columbia, V6E 4A6, Attention: Richard Drechsler, President and Chief Executive Officer**, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof at which the proxy is to be used, or by depositing the instrument in writing with the Chairman of such Meeting, or any adjournment thereof. Only registered Shareholders have the right to revoke a proxy. Non-registered Shareholders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective nominees to revoke the proxy on their behalf.

Voting of Shares and Exercise of Discretion of Proxies

Voting at the Meeting will be by a show of hands, each registered Shareholder and each proxyholder (representing a registered or unregistered Shareholder) having one vote, unless a poll is required or requested, whereupon each such Shareholder and proxyholder is entitled to one vote for each Common Share held or represented, respectively. Each Shareholder may instruct their proxyholder how to vote their Common Shares by completing the blanks on the proxy. All Common Shares represented at the Meeting by properly executed proxies will be voted or withheld from voting when a poll is required or requested and, where a choice with respect to any matter to be acted upon has been specified in the form of proxy, the Common Shares represented by the proxy will be voted in accordance with such specification. **In the absence of any such specification as to voting on the proxy, the Management Designees, if named as proxyholder, will vote in favour of the matters set out therein.**

The enclosed proxy confers discretionary authority upon the Management Designees, or other person named as proxyholder, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the date hereof, the Company is not aware of any amendments to, variations of or other matters which may come before the Meeting. If other matters properly come before the Meeting, then the Management Designees intend to vote in a manner which in their judgment is in the best interests of the Company.

In order to approve a motion proposed at the Meeting, a majority of greater than 50% of the votes cast will be required (an “**ordinary resolution**”), unless the motion requires a “**special resolution**” in which case a majority of 66 2/3% of the votes cast will be required.

Advice to Beneficial Holders of Common Shares

Only registered holders of common shares of the Company or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, common shares beneficially owned by a person (a "Non-Registered Holder") are registered either: (i) in the name of an intermediary (an "Intermediary") (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

Distribution to NOBOs

In accordance with the requirements of the Canadian Securities Administrators and National Instrument 54-101 Communication with Beneficial Owners of Securities of a Reporting Issuer ("NI 54-101"), the Company will have caused its agent to distribute copies of the Notice Package directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner ("Non-Objecting Beneficial Owner" or "NOBO"). As a result, NOBOs can expect to receive a VIF, together with the Notice of Meeting and other documents in the Notice Package, from our transfer agent, Computershare. These VIFs are to be completed and returned to Computershare in the envelope provided or by facsimile. In addition, Computershare provides both telephone voting and internet voting services as described in the VIF. In that regard, Computershare is required to follow the voting instructions properly received from NOBOs. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive. **NOBOs should carefully follow the instructions of Computershare, including those regarding when and where the completed VIFs are to be returned to Computershare.**

Should a NOBO wish to attend and vote at the Meeting in person, the NOBO must insert the NOBO's name (or such other person as the NOBO wishes to attend and vote on the NOBO's behalf) in the blank space provided for that purpose on the VIF and return the completed VIF in line with the instructions provided or the NOBO must submit to the Company any other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder. In such circumstances with respect to proxies held by management in respect of securities owned by the NOBO so requesting, the Company must arrange, without expense to the NOBO, to appoint the NOBO or a nominee of the NOBO as a proxyholder in respect of those securities. Under NI 54-101, if the Company appoints a NOBO or a nominee of the NOBO as a proxyholder as aforesaid, the NOBO or nominee of the NOBO, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of management in respect of all matters that may come before the Meeting and any adjournment or continuance thereof, unless corporate law does not permit the giving of that authority. Pursuant to NI 54-101, if the Company appoints a NOBO or its nominee as proxyholder as aforesaid, the Company must deposit the

proxy within the timeframe specified above for the deposit of proxies, if the Company obtains the instructions at least one (1) business day before the termination of that time.

Meeting materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your shareholdings have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send meeting materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF enclosed with mailings to NOBOs. Please carefully review the instructions on the VIF for completion and deposit.

NOBOs that wish to change their vote must, in sufficient time in advance of the Meeting, contact Computershare to arrange to change their vote.

Distribution to OBOs

In addition, the Company will have caused its agent to deliver copies of the Notice Package to the clearing agencies and Intermediaries for onward distribution to those non-registered shareholders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner ("Objecting Beneficial Owner" or "OBO"). Management does not intend to pay for Intermediaries to forward proxy-related materials to OBOs and OBOs will not receive the materials unless the OBO's Intermediary assumes the cost of delivery.

Intermediaries are required to forward the Notice Package to each OBO unless such OBO has waived his or her right to receive them. Intermediaries often use service companies such as Broadridge Proxy Services to forward the Notice Packages to OBOs. With those Notice Packages, Intermediaries or their service companies should provide OBOs with a "request for voting instruction form" which, when properly completed and signed by such OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow. The purpose of this procedure is to permit OBOs to direct the voting of the shares that they beneficially own. In either case, the purpose of this procedure is to permit the OBO to direct the voting of the shares he or she beneficially owns.

Should an OBO wish to attend and vote at the Meeting in person, the OBO must insert the OBO's name (or such other person as the OBO wishes to attend and vote on the OBO's behalf) in the blank space provided for that purpose on the request for voting instruction form and return the completed request for voting instruction form to the Intermediary or its service provider or the OBO must submit, to their Intermediary, any other document in writing that requests that the OBO or a nominee of the OBO be appointed as proxyholder. In such circumstances, an Intermediary who is the registered holder of, or holds a proxy in respect of, securities owned by an OBO is required under NI 54-101 to arrange, without expense to the OBO, to appoint the OBO or a nominee of the OBO as a proxyholder in respect of those securities. Under NI 54-101, if an Intermediary appoints an OBO or the nominee of an OBO as a proxyholder as aforesaid, the OBO or nominee of the OBO, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of the Intermediary in respect of all matters that may come before the Meeting and any adjournment or continuance thereof, unless corporate law does not permit the giving of that authority. Pursuant to NI 54-101, an Intermediary who appoints an OBO or its nominee as proxyholder as aforesaid is required under NI 54-101 to deposit the proxy within the timeframe specified above for the deposit of proxies, if the Intermediary obtains the instructions at least one (1) business day before the termination of that time.

OBOs should carefully follow the instructions of their Intermediary, including those regarding when and where the completed request for voting instructions is to be delivered.

OBOs that wish to change their vote must, in sufficient time in advance of the Meeting, arrange with their respective Intermediaries to change their vote and if necessary revoke their proxy in accordance with the revocation procedures set out above.

B. Compensation Discussion and Analysis

COMPENSATION PROGRAM OBJECTIVES

The Company’s compensation policies and programs are designed to be competitive with similar junior resource exploration companies and to recognize and reward executive performance consistent with the success of the Company. These policies and programs are intended to attract and retain capable and experienced people. The Company’s Corporate Governance and Compensation Committee’s role and philosophy is to ensure that the Company’s goals and objectives, as applied to the actual compensation paid to the Company’s President and Chief Executive Officer and other executive officers, are aligned with the Company’s overall business objectives and with shareholders’ interests.

In addition to informal industry comparables from publicly available information, the Corporate Governance and Compensation Committee considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-range interests of the Company and its shareholders, overall financial and operating performance of the Company, and the Corporate Governance and Compensation Committee’s assessment of each executive’s individual performance and contribution toward meeting corporate objectives. Performance is also recognized through the Company’s incentive stock option plan.

ROLE OF EXECUTIVE OFFICERS IN DETERMINING COMPENSATION

The Corporate Governance and Compensation Committee reviews and recommends compensation policies and programs to the Company, as well as salary and benefit levels for the Company’s executives. The Company’s President and Chief Executive Officer may not be present during meetings of the Corporate Governance and Compensation Committee at which their compensation is being discussed. The Board of Directors makes the final determination regarding the Company’s compensation programs and practice.

ELEMENTS OF THE COMPENSATION PROGRAM FOR FISCAL YEAR 2022

The total compensation plan for the NEOs is comprised of two components: base salary or consulting fees and stock options. There is no policy or target regarding cash and non-cash elements of the Company’s compensation program. The Corporate Governance and Compensation Committee annually reviews the total compensation of the Company’s executives against the backdrop of the compensation goals and objectives

described above and make recommendations to the Board of Directors concerning the individual components of the executives' compensation.

SALARIES AND CONSULTING FEES

As a junior exploration resource company with no ongoing cash flow or revenues from production, the Company establishes compensation to its executive officers at a reasonable level, in keeping with the Company's available resources.

STOCK OPTIONS

The Company has a Stock Option Plan (the "Plan") in place for the granting of stock options to the directors, officers, employees and consultants of the Company. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating such persons and to closely align the personal interest of such persons to that of the Company's shareholders, having regard to the fact that the Company has no ongoing cash flow or revenue from production and, as a result, there are limited funds available for the payment of salaries or consulting fees. The allocation of options under the Plan is determined by the Corporate Governance and Compensation Committee which, in determining such allocations, considers such factors as previous grants to individuals, overall Company performance, share price, the role and performance of the individual in question, the amount of time directed to the Company's affairs and time expended in serving on the Company's committees.

RISK CONSIDERATIONS

The Corporate Governance and Compensation Committee reviews from time to time and at least once annually, the risks, if any, associated with the Company's compensation policies and practices at such time. Such a review occurred at the time of preparation of this Compensation Discussion and Analysis. Implicit in the Corporate Governance and Compensation Committee's mandate is that the Company's policies and practices respecting compensation, including those applicable to the Company's executives, be designed in a manner which is in the best interests of the Company and its shareholders, and risk implications is one of many considerations which are taken into account in such design.

It is anticipated that a portion (set at a level consistent with its industry peers) of the Company's executive compensation will consist of options granted under the Plan. Such compensation is both "long term" and "at risk" and, accordingly, is directly linked to the achievement of long term value creation. As the benefits of such compensation, if any, are not realized by the executives until a significant period of time has passed, the ability of executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Company and its shareholders is extremely limited.

Consulting fees are the remaining portion of an executive's total compensation. While consulting fees are not "long term" or "at risk", as noted above, these components of compensation represent only part of total potential compensation, and the Company's ability to continue to pay these consulting fees is directly dependent upon its continued ability to operate. As a result, it is unlikely that an executive would take inappropriate or excessive risks at the expense of the Company and its shareholders when these actions might compromise his or her consulting fees and might put his or her long-term compensation at risk.

Due to the relatively small size of the Company, and the current level of the Company's activity, the Board and the Corporate Governance and Compensation Committee are able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings, during which financial and other information

pertaining to the Company will be reviewed, which review will include executive compensation. No risks have been identified arising from the Company’s compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

There are no policies in place pursuant to which an NEO or director is permitted to purchase financial instruments including, for greater certainty, prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by an NEO or director.

C. Summary Compensation Table

Richard Drechsler, the Company’s CEO, Larry Donaldson, the Company’s former CFO and Quinn Martin, the Company’s current CFO, are the NEOs of the Company for the purposes of the following disclosure. The compensation for the NEOs, directly or indirectly, for the Company’s three most recently-completed financial years is as follows:

The weighted average value of the incentive stock options granted by the Company during the financial year ended December 31, 2020 was \$0.07 per option. The Company calculated the compensation cost by using the Black-Scholes option pricing model as follows: for the option granted in 2022 by assuming a risk-free interest rate of 2.00%, a dividend yield of nil, the expected annual volatility of the Company’s share price of 125.00% and an expected life of the option of five years; and for options granted in 2020 by assuming a risk-free interest rate of 0.40%, a dividend yield of nil, the expected annual volatility of the Company’s share price of 125.00% and an expected life of the options of five years. There was no cash compensation actually paid to any of the NEOs disclosed in the above table in connection with the granting of the incentive stock options in respect of which these “Option-based awards” were calculated.

A copy of the Plan will be available for review at the Meeting.

OPTION REPRICINGS

There were no re-pricings of stock options granted under the Company’s Stock Option Plan during the financial year ended **December 31, 2022**.

⁽⁷⁾ “In-the-money options” means the excess of the market value of the Company’s shares on December 31, 2022 over the exercise price of the options. The last trading price of the Company’s shares on the TSX Venture Exchange on December 30, 2022, being the last day in the year ended December 31, 2022 on which the Company’s shares traded on the TSX Venture Exchange, was \$0.05.

⁽⁸⁾ “Value vested during the year” means the aggregate dollar value that would have been realized if the options under the option-based award had been exercised on the vesting date. This amount is calculated by determining the difference between the market price of the underlying securities at exercise and the exercise or base price of the options under the option-based award on the vesting date.

E. Pension Plan Benefits

The Company has no defined benefit plans that provide for payments or benefits to any NEO at, following or in connection with retirement.

The Company also does not have any defined contribution or deferred compensation plans relating to any NEO.

F. Termination and Change of Control Benefits

Other than as disclosed herein, the Company does not have any pension or retirement plan which is applicable to the NEOs. The Company has not provided compensation, monetary or otherwise, during the most recently completed financial year, to any person who now or previously has acted as an NEO of the Company, in connection with or related to the retirement, termination or resignation of such person, and the Company has provided no compensation to any such person as a result of a change of control of the Company. The Company is not party to any compensation plan or arrangement with an NEO resulting from the resignation, retirement or termination of employment of any such person.

There are no compensatory plans or arrangements between the Company and an NEO with respect to the resignation, retirement or other termination of employment of the NEO, a change of control of the Company or a change in the NEO's responsibilities following a change of control of the Company involving an amount, including all periodic payments or instalments, exceeding \$50,000.

The Company calculated the compensation cost by using the Black-Scholes option pricing model as follows: by assuming a risk-free interest rate of 1.56%, a dividend yield of nil, the expected annual volatility of the Company's share price of 125.00% and an expected life of the option of five years. There was no cash compensation actually paid to the director disclosed in the above table in connection with the granting of the incentive stock option in respect of which this "Option-based award" was calculated.

No guarantee, support agreement, letter of credit or other similar arrangement or understanding has been provided by the Company or its subsidiaries at any time since the beginning of the most recently completed financial year with respect to any indebtedness of any such person.

MANAGEMENT CONTRACTS

There are no management contracts currently in effect. The Company pays Drechsler Consulting Ltd., a company controlled by the Company's President and Chief Executive Officer Richard Drechsler, for providing management, administrative and corporate development services based on time spent in providing those services.

CORPORATE GOVERNANCE

Pursuant to National Policy 58-101 – Disclosure of Corporate Governance Practices (“**NP 58-101**”) the Company is required to and hereby discloses its corporate governance practices as follows:

A. Board of Directors

The Board of Directors of the Company facilitates its exercising of independent supervision over the Company’s management through frequent meetings of the Board, both with and without members of the Company’s management (including members of management that are also directors) being in attendance.

Graham Downs⁽¹¹⁾, Rosie Moore, Bradley Shisler and Rachele Gordon are “independent” directors in that each is independent and free from any interest, and any business or other relationship which could reasonably be perceived to materially interfere with the director’s ability to act with the best interests of the Company, other than interests and relationships arising from shareholdings. Richard Drechsler is a member of management and is therefore not “independent”.

The mandate of the Board, as prescribed by the *Business Corporations Act (British Columbia)*, is to manage or supervise the management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company’s affairs directly and through its committees.

B. Directorships

Certain of the directors of the Company (or nominees for director) are presently a director in one or more other reporting issuers, as follows:

<u>Directors</u>	<u>Other Issuers</u>
Rosie Moore	Torex Gold Resources Inc., Evergold Corp.
Bradley Shisler	Rockhaven Resources Ltd.
Graham Downs	Cascadia Minerals Ltd., Arcus Development Group Inc.
Rachele Gordon	Strategic Metals Ltd.
Kai Hoffmann	Labrador Gold Corp.

C. Orientation and Continuing Education

Each new director brings a different skill set and professional background, and with this information, the Board is able to determine what orientation to the nature and operations of the Company’s business will be necessary and relevant to each new director. The Company provides continuing education for its directors as such need arises and encourages open discussion at all meetings which format encourages learning by the directors.

D. Ethical Business Conduct

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company’s business plan and to meet performance objectives and goals.

⁽¹¹⁾ Mr. Downs will not be standing for re-election as a director at the Meeting.

In addition, the Board must comply with conflict of interest provisions in Canadian corporate law, including relevant securities regulatory instruments, in order to ensure directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

E. Nomination of Directors

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the President of the Company. The Board monitors but does not formally assess the performance of individual Board members or committee members on their contributions.

F. Compensation

The Company has a Compensation Committee, the members of which are currently Graham Downs, Richard Drechsler and Bradley Shisler.

G. Other Board Committees

The Company also has a Corporate Governance Committee, the members of which are currently Graham Downs, Rosie Moore and Bradley Shisler, as well as a Technical Committee to advise on matters pertaining to the Company's mineral property interests, the members of which are Ryan Schedler, Fred Graybeal and Robert Carne.

H. Assessments

The Board will annually review its own performance and effectiveness as well as review annually the Audit Committee Charter and recommend revisions to the Board as necessary. Neither the Company nor the Board has determined formal means or methods to regularly assess the Board, its committees or the individual directors with respect to their effectiveness and contributions. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of an individual director are informally monitored by the other Board members, having in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Company feels its corporate governance practices are appropriate and effective for the Company, given its relatively small size and limited operations. The Company's method of corporate governance allows for the Company to operate efficiently, with simple checks and balances that control and monitor management and corporate functions without excessive administrative burden.

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

National Instrument 52-110 of the Canadian Securities Administrators ("NI 52-110") requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor, as set forth in the following.

A. Audit Committee Charter

The Company's audit committee is governed by an audit committee charter, the text of which is attached as Schedule "A" to this Information Circular.

B. Composition of the Audit Committee

The Company's audit committee currently consists of three directors, being Rachele Gordon, Graham Downs and Rosie Moore. As defined in NI 52-110, each of the members of the Audit Committee is "independent".

A member of the audit committee is "independent" if the member has no direct or indirect material relationship with the Company. A material relationship means a relationship which could, in the view of the Company's board of directors, reasonably interfere with the exercise of the member's independent judgment.

C. Relevant Education and Experience

NI 52-110 provides that a member of the audit committee is considered to be "financially literate" if he has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexities of the issues that can reasonably be expected to be raised by the Company.

All of the members of the Company's audit committee are considered to be "financially literate", as that term is defined in NI 52-110.

Rachele Gordon is a Chartered Professional Accountant, Chartered Accountant who holds a Bachelor of Commerce Degree from the University of Calgary. She is currently a Senior Manager in Taxation Services with MNP LLP.

Graham Downs has over 20 years experience in the minerals industry. He began his career in 1995 with Archer, Cathro & Associates (1918) Limited, a consulting geological engineering firm focused in Yukon. Mr. Downs transitioned his field management expertise into corporate communications and business development for numerous junior resource companies before his appointment as CEO of ATAC Resources Ltd. in 2007, which company merged with Hecla Mining Company in July, 2023. Mr. Downs studied business at Capilano University and received an advanced diploma in Geographical Information Systems from the College of New Caledonia.

Rosie Moore is an executive geologist, director and analyst. Her over 35 year career in mining and metals spans from site geologist on projects in the Americas through increasing corporate management roles (Diamond Fields Resources, Pan American Silver, Bear Creek Mining), directorships (Geoinformatics/Kiska, Continental Gold, Dolly Varden Silver) and investment and capital markets responsibilities (partner with Geologic Resource Partners and analyst at Yorkton Securities).

The board of directors believes that the audit committee members have the relevant education and experience to comply with NI 52-110.

Since the commencement of the Company's most recently completed financial year, the Company's Board of Directors has not failed to adopt a recommendation of the audit committee to nominate or compensate an external auditor.

Since the effective date of NI 52-110, the Company has not relied on the exemptions contained in sections 2.4 or 8 of NI 52-110. Section 2.4 provides an exemption from the requirement that the audit committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

The audit committee has not adopted specific policies and procedures for the engagement of non-audit services. Subject to the requirements of NI 52-110, the engagement of non-audit services is considered by the Company's Board of Directors, and where applicable the audit committee, on a case-by-case basis.

D. External Auditor Service Fees

In the following table, "audit fees" are fees billed by the Company's external auditor for services provided in auditing the Company's annual financial statements for the subject year. "Audit-related fees" are fees not included in audit fees that are billed by the auditor for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements. "Tax fees" are fees billed by the auditor for professional services rendered for tax compliance, tax advice and tax planning. "All other fees" are fees billed by the auditor for products and services not included in the foregoing categories.

The fees paid by the Company to its auditor in each of the last two fiscal years, by category, are as follows:

Financial Year Ending	Audit Fees⁽¹²⁾	Audit Related Fees⁽¹³⁾	Tax Fees⁽¹⁴⁾	All Other Fees⁽¹⁵⁾
December 31, 2022	\$24,000	Nil	Nil	Nil
December 31, 2021	\$18,500	Nil	Nil	Nil

E. Exemption

The Company is relying on the exemption provided by section 6.1 of NI 52-110 which provides that the Company, as a venture issuer, is not required to comply with Part 3 (Composition of the Audit Committee) and Part 5 (Reporting Obligations) of NI 52-110.

⁽¹²⁾ "Audit Fees" include fees necessary to perform the annual audit and quarterly reviews of the Company's financial statements. Audit Fees include fees for review of tax provisions and for accounting consultations on matters reflected in the financial statements. Audit Fees also include audit or other attest services required by legislation or regulation such as comfort letters, consents, reviews of securities filings and statutory audits.

⁽¹³⁾ "Audit Related Fees" include services that are traditionally performed by the auditor. These audit related services include employee benefit audits, due diligence assistance, accounting consultations on proposed transactions, internal control reviews and audit or attest services not required by legislation or regulation.

⁽¹⁴⁾ "Tax Fees" include fees for all tax services other than those included in "Audit Fees" and "Audit Related Fees". This category includes fees for tax compliance, tax planning and tax advice. Tax planning and tax advice include assistance with tax audits and appeals, tax advice related to mergers and acquisitions and requests for rulings or technical advice from tax authorities.

⁽¹⁵⁾ "All Other Fees" include all other non-audit services.
